

WYCHE BALL – SANDBACH TRAFFIC ARRANGEMENTS

It is rather unfortunate that the Sandbach Transport Festival is being held this weekend and it clashes with the Wyche Ball. I hasten to add that considering we had booked the Wyche Ball a year ago we only learnt of the Transport Festival last weekend!

The major events for the Transport Festival will be taking place on Sunday with minimal road closures on Saturday. The few road closures there are on Saturday are due to be lifted by 4pm. However the major inconvenience to ourselves will be the closure of the “Scotch Common Car Park” which is the one we would normally use.

There is also a Music Festival taking place along the High Street from the Town Hall on the “Cobbles” from 1pm to 9pm.

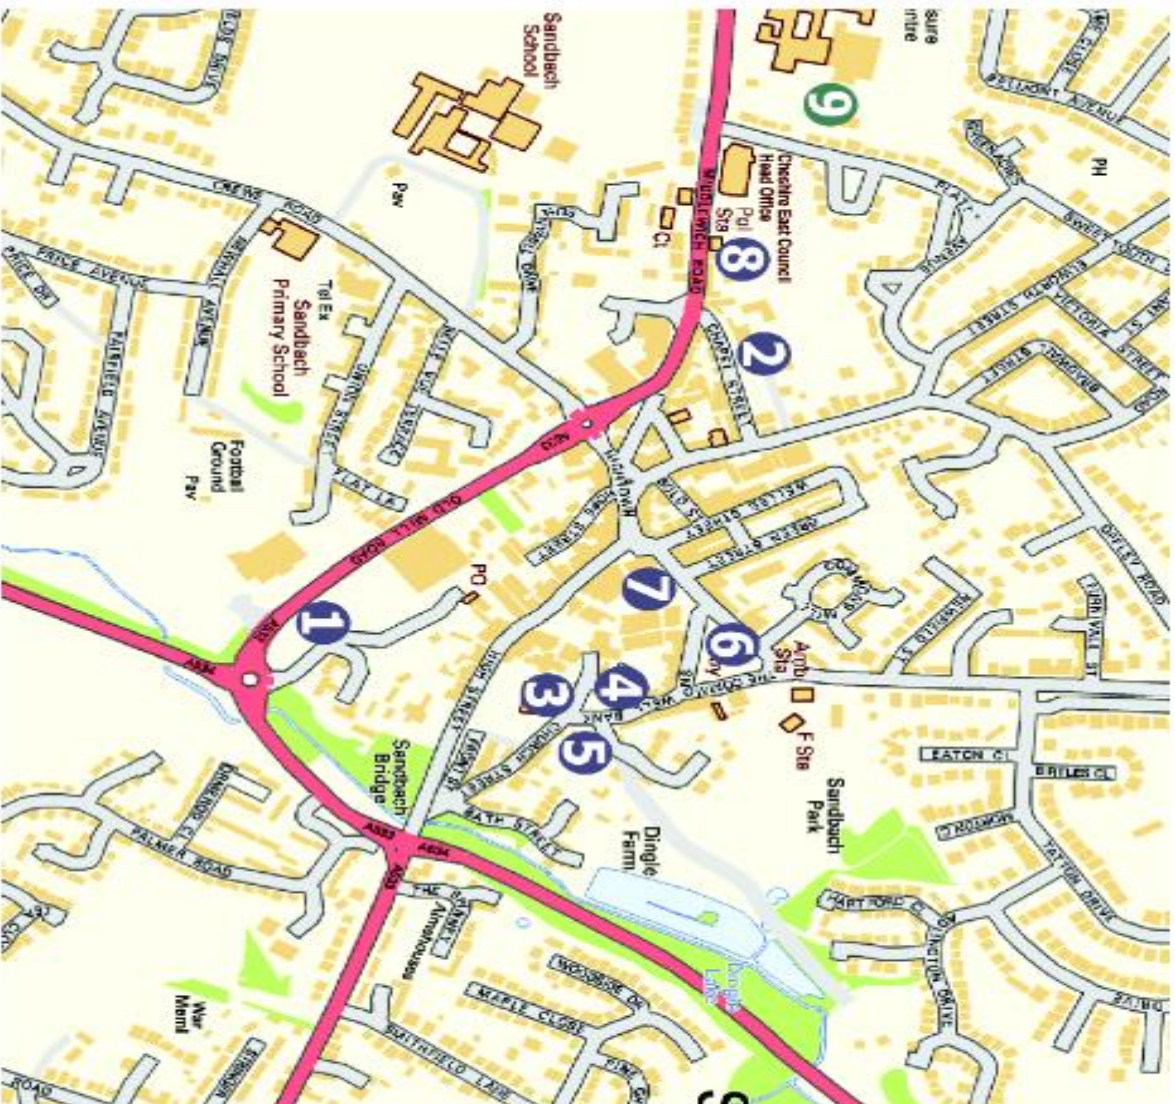

Sandbach will be busy with the festivals and therefore you are advised to give yourself more time than normal to get through the town and park your car. I would suggest that passengers in cars are dropped off at the Town Hall and the driver then parks the car.

On the reverse of this document is a list of the Car Parks in Sandbach and it is car park number 6 which will be closed. To compensate for this closure, and the number of additional visitors expected, additional car parking has been provided as follows:

- Westfields (Council Offices) on Middlewich Road
- Sandbach Boys School (Main School) on Crewe Road
- Sandbach House on Crewe Road

I have been in touch with the organiser of the Transport Festival and he will alert his Marshalls of the Wyche Ball so that they will be aware in the unlikely event that you should be stopped by them.

I am sure that we will not let this minor inconvenience spoil what will be a fabulous evening dancing to the wonderful music of Susan MacFadyen and her band.
